THE SHARE STUDENT MOBILITY SCHEME

INBOUND STUDENTS FROM ASEAN

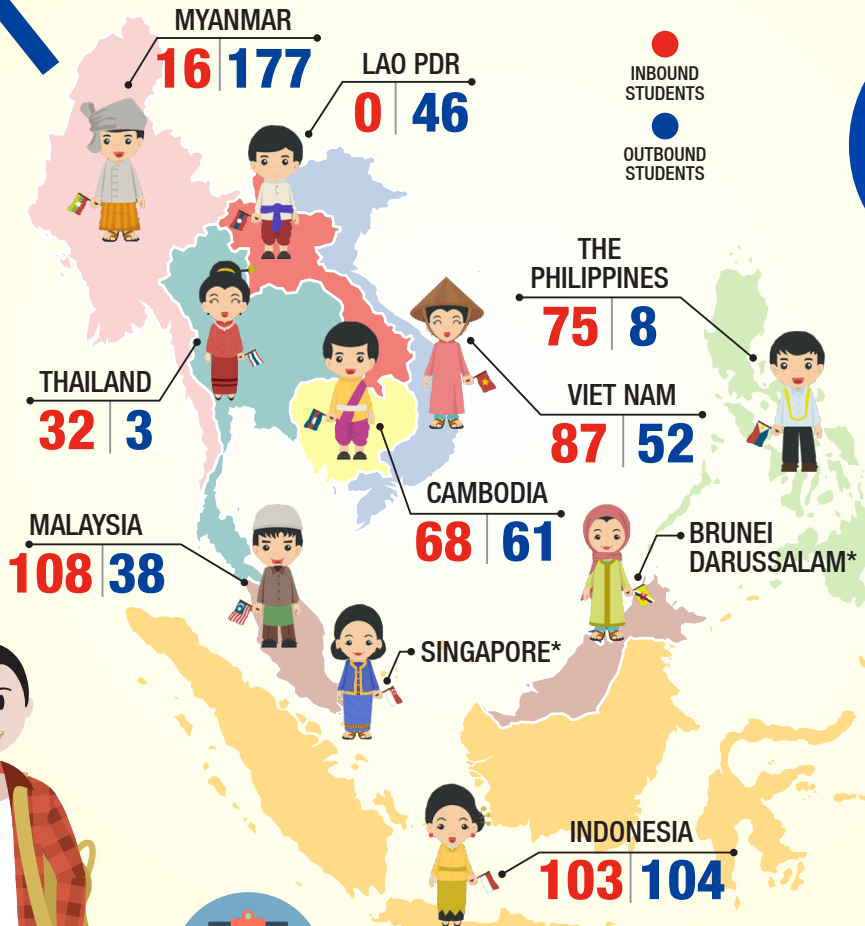

SHARE is supporting ASEAN's vision of building an ASEAN Scholarship Scheme at the centre of the emerging Higher Education Area in the region. Inspired by the successful Erasmus Scholarship Scheme in Europe, ASEAN has teamed up with the European Union to build the mechanics of an intra-ASEAN student mobility scheme through SHARE. Funded by the EU, some 500 scholarships are being made available to undergraduate students in any academic discipline from a network of 32 public and private universities across ASEAN. The focus is on intra-ASEAN mobility, while also providing for a number of ASEAN-EU scholarships. An integral part of SHARE scholarships is credit transfer, which makes the study abroad sustainable and strengthens the university network.

SCHOLARSHIP COVERAGE

- Tuition fee (waived)
- Living allowance
- Return airfare (domestic and international)
- Health insurance
- Settling-in allowance
- Study materials
- Visa costs
