@ AKEPT: Community of Practice focuses on Talent Management of HEI

History: Profiling for HEI Talent □ CBTM @ HEI

Members: HR people (academic and non academic)

Activities: Professional Certificate; Project works related to talent management; books and journal publications, seminars, round table discussion

Why it works: Funds availability; professional certificate offering that binds the practitioners, practitioners & academics

Challenges: Only focus in Malaysia, it is yet to be established in ASEAN

@International Director's Office (IDO@HEI) Committee

History: Started of by a group of IZN practitioners who are managing IO

Members : 20 public university and a few government link university IO Director's

Why it works: It works partially but seems to loose the momentum

Challenges: Only those with the Director's post are in the committee. Getting the commitment, funding, recognition, not KPI related relate to low spirit in ensuring CoP works
